Z-Band® Fun and Z-Band Splash wristband solutions

ZEBRA TECHNOLOGIES

These innovative new print-on-demand, bar-coded wristbands provide a cost-effective solution for the entertainment and hospitality industries.

Brightly coloured and durable, they're both fun and practical, enabling cashless point-of-sale and access management.

Using a Zebra® bar-code printer and direct-thermal Z-Band Fun or Z-Band Splash wristbands you can:

- Reduce ticket fraud – and the revenue losses associated with counterfeits and theft

  – Z-Band wristbands are blank and don't have value until they're printed on demand

  – They can be printed with the guest's name for access verification

  – They're tamper-evident and non-transferable, and include everything paid for on one wristband

- Improve transaction speeds. Employees simply scan a bar code instead of exchanging cash and working cash registers

- Enhance each guest's experience. Guests enjoy increased convenience and can be rewarded with special offers and benefits

- Enjoy lower total cost of ownership compared to RFID wristbands. While bar-coded Z-Band Fun and Z-Band Splash offer cashless payment and patron data-capture benefits similar to RFID, the bar-coded bands cost significantly less
